### SKILLS

- ★ **Java** [JPA, JPQL, Spring, REG-EX, MVC, J-Unit, Gradle, JDBC, REST, Terminal/Command Line]
- **MySQL** [MySQL workbench, Terminal]
- **HTML/CSS** [JSP pages, BootStrap]
- **Javascript** [Angular, JSON, DOM]
- Debugging
- Planning
- Pair-Programming
- Test-Driven development
- SCRUM
- Problem Solving
- Leadership
- Git Hub
- Eclipse IDE
- AWS
- Tomcat

**PROJECTS** - View More Projects at [github.com/braidenm](https://github.com/braidenm)

### **VolunteerUp – Full Stack Web-App**

Site: <http://54.219.123.219:8080/MVCItMakesAVillage/>

Git: [github.com/braidenm/MidTerm-FullStack](https://github.com/braidenm/MidTerm-FullStack)

Group Project: Volunteer projects web-app. Sign up, make projects, view profiles, add items bringing to projects, comment on projects, add items needed to projects, remove users from projects, add hours contributed, and deactivate and reactivate accounts. Admin can edit all accounts and users and sees a different menu of options. Used: Java, JPA/JSQL, MySQL, Spring-Boot/Gradle, HTML/CSS, Google API, and more.

### **JPA C.R.U.D. Project (WorkOut Site) –Full Stack Web-App**

Site: <http://54.219.123.219:8080/BootWorkOutProgram>

Git: <https://github.com/braidenm/JPA CRUD Project>

Solo Project: User can view, update, create, and delete different exercises, workout days, and weekly plans. Put together with Bootstrap, HTML, CSS, Spring MVC, Java, MySQL, and more.

### **BlackJack App- Java Command Line Game**

Git: <https://github.com/braidenm/BlackjackProject>

Solo Project: User can enter their name, pick how many other players (computer), number of decks, and minimum bets. User and computer players have the ability to double down, split, use the soft-ace, and win 3:1 for blackJack hands. Computer players leave the table when they run out of money; the deck is re-shuffled when it gets low on cards; the dealer can have blackjack and only shows one card in the beginning. Complex Java statements using: ENUMS, abstract classes/interfaces, nested logic statements, REG-EX, and exceptions handling.

## **EXPERIENCE**

### **R.E.I. (Recreation Equipment Inc.)**

#### **Sales Manager**

*Sales Lead*

*Sales Associate*

**Lakewood, CO**

**5/2017-Present**

*10/2016-5/2017*

*5/2016-10/2016*

Manage payroll and scheduling for a 15 million dollar store with 70 employees. Organize and lead full inventory counts accurately with a mindset for feedback to make process improvements. Develop and inspire people to reach their goals; by timely coaching, goal setting, accountability, and problem solving. Drive sales through elevating employee knowledge, compelling retail displays, real time inventory management, listening, and motivating employees. Work with other managers to elevate their performance through; candid feedback, planning, communication strategies, leading seminars, and sharing beneficial external articles. Introduce new concepts that inspire the store team. Manage challenging employees from not meeting to exceeding expectations.

### **Starbucks**

#### **Store Manager**

*Assistant Store Manager*

*Supervisor*

**Centennial, CO**

**10/2012-3/2016**

*4/2012-10/2012*

*11/2011-4/2012*

Multi-unit management of two stores with complex and different environments. Planned quarterly retail and promotion sets, hiring needs, projects, training, development, strategy and team focus, meetings, and community events. Forecasted business trends and schedule to meet optimal labor goals. Developed customer and community relations through numerous community and service events. Coach and develop peers. Developed employees in multiple roles up to store manager. Consistently met company goals by problem solving unexpected events and coaching team for performance. Managed inventory to have the right products at the right time while maintaining profitability. Performed other district roles such as: temporary District Manager, Women's Development Network President, and district meeting planner and facilitator.
